

FROST PTSA NEWS

NOVEMBER 20, 2019 * FrostPTSA.org

Hello Frost families!

We finally have a working method to distribute the newsletter since Member Planet isn't exactly working out. Thank you, Matt for this solution!

I plan on having a new newsletter ready for you every Wednesday.

Welcome Eric to the team as our Emergency Preparedness Committee Chair! Did you know we have this Committee?

Thank you everyone that attended out Thursday meeting. Meeting minutes will be available soon.

IDEA Project * Nov. 18-22

The IDEA Project is a non-profit organization that provides interactive disability education awareness in schools. The goal is to create understanding and empathy by educating students about differences and different abilities.

As evidenced by the program's success in other schools, this experienced perspective and unique curriculum are the tools needed to bring awareness and empowering education about disabilities to young children.

Volunteers are needed to run activity stations. Please consider signing up for a shift:

Enrichment Programs Committee (Before/After School)

- Intramurals registration forms will go out the week of Thanksgiving break with registration firmly closing on December 16th. Students voted and they chose Gymnastics- January 7th to February 18th. We will need chaperones! This is a PTSA Program, send any questions to aclesandra@gmail.com (not Ms. Dub).

- Registration packets for Winter Programs (January to March) will be sent home when we return from Thanksgiving break.

Passive Fundraisers

- Enroll in Fred Meyer Rewards and Amazon Smile. Holidays means extra spending (food, gifts, gas, etc.), contribute to PTSA without using your own wallet!

We received \$90.53 from Fred Meyer Rewards this past quarter.
